

OBSURVUS
monitoring and surveying in a geospatial world

Obsurvus Environmental Policy

Obsurvus is committed to limiting the impact of its operations on the environment in which we operate.

We will minimise waste by evaluating activities and ensuring efficiency is optimal at all times.

Obsurvus will minimise toxic emissions through careful selection and maintenance of fleet and the source of power requirements at all times.

Obsurvus actively promotes recycling amongst customers, suppliers and within Obsurvus.

Obsurvus will meet or exceed all environmental legislation that relates to the company and its operations.

Obsurvus accepts all responsibility for any harmful effects its operations have on both local and global environment and is committed to reducing them.

We will always strive to minimise our environmental impact.

Obsurvus will comply with all environmental policies provided by clients.

Obsurvus are here to capture, protect and report on the environmental space in which we live.
